

Red Bank, Tennessee Public Parks and Green Spaces

Red Bank Swimming Pool Tract (18.99 acres)

The Red Bank swimming pool is open between Memorial Day and Labor Day. The pool facilities and parking occupy nearly one acre of this tract owned by the City of Red Bank.

During peak season, the pool is open 6 days a week. When schools are in session, the pool is open only on weekends.

The remaining 18 acres of this tract of public land are steep, wooded hills between Tom Weathers Drive and Highway 27. This acreage is undeveloped and accessible only with difficulty. This entire tract is a remnant of the former Morrison Springs Park.
